Or if you haven't yet downloaded the App please call 800-472-1123; Our Dispatch Room personnel will assist you using the same live GPS tracking available on your Smartphone.

# THE WHEN & WHY OF STOPS

## Not all stops are defined or priced the same. Most are billable. Some are not.

- Any deviation from the direct route to some intermediate point that results in increased distance traveled and/or additional time required to complete the trip constitutes a billable stop.
- Courtesy Stops are not billable.

### Courtesy stop is defined as:

- A quick personal stop (normally 5 minutes or less) directly en route to buy coffee or newspaper, etc.
- Elite drivers provide courtesy stops to our customers at no charge.

### No Free Jump:

- A passenger getting out of the car at any place other than the final destination may trigger a stop charge.

### Stop Pricing Guidelines:

The NYC Black Car Industry generally overstates stop pricing by use of full zone-to-zone calculations.

- Since 1990 Elite has employed our own proprietary algorithm using a matrix developed in house to calculate prices based on actual distance traveled.
- Both standard Elite rates and stop pricing is available on line at <http://www.eliteny.com>.

A stop en route is priced differently than a stop not in en route.

Stops not en route incur price adjustments for time and distance.

- In Manhattan: Stops begin at \$10.
- In the Outer Boroughs: Stops begin at \$20.
- Out of town stops begin at \$25 for stops in the same town.
- Out of town stops en route are 50% of the rates to the town but no more than \$50 per stop.
- Stop for SUV service is 1.25 X Sedan's stop price.

### Round Trips

- Round trips in the five boroughs are priced at two full prices (full + full). The 1st five minutes waiting time is a grace period which is not charged. After the grace period, waiting time is billed at \$0.90 per minute.
- Round trips from Manhattan and the boroughs to out of town points are one full price + 50% of the full price for the return trip (full + half).
- Round trips originating from out of town points to the 5 boroughs then returning to that original out of town location are priced full for the pickup and full for the return (full + full).

### Free Waiting Time: Out of Town Round Trips

ONE WAY FARE	FREE W.T.
\$51 - 100	15 minutes
\$101 - 150	30 minutes
\$151 - 200	60 minutes

# ANCILLARY CHARGES

## Tolls and Parking

Tolls necessary in the successful completion of requested service are additional as are any parking charges similarly incurred.

- On trips to or from destinations where the driver has no direct alternate toll free route to return all round trip tolls are billable. By industry definition “an alternate toll free route” should not add time nor distance when compared to the normal toll route.
- Addition of return tolls is standard for all trips to or from Far Rockaway, Staten Island, New Jersey, Pennsylvania and any locations requiring transverse of a Port Authority of NY & NJ Bridge or tunnel.
- Parking charges are normally incurred on:
  1. Inside Meet & Greet at airports; and
  2. On package pickup or deliveries when required.

## Reservation Charge — None

Elite accepts reservations 24 hours a day, 7 days a week. There is no additional charge for placing a reservation

## Out of Town Pickup Charge — None

No additional charge even when the pickup is out-of-town.

## Out of Town Pricing

We use proprietary software based on actual location to fairly price trips originating both outside the five boroughs then returning to NYC, when the trip originates and ends out-of-town with or without multiple out-of-town stops..

**Package Surcharge:        \$8**

## Fuel Surcharge

There is no fuel surcharge unless the weekly U.S. Retail Prices (Regular grade) as posted on the Internet at: <http://www.eia.gov/petroleum/gasdiesel/> is \$3.00 or more.

If the Average Gas Cost is:	Fuel Surcharge
\$2.99 or lower	\$0.00 per ride
\$3.00 to \$5.00	\$3.00 per ride

If the Average Gas Cost is:	Fuel Surcharge
\$6.00 to \$6.99	\$7.00 per ride
\$7.00 to \$7.99	\$9.00 per ride

## Child Seats

All 50 states and the District of Columbia require child safety seats for infants and children fitting specific criteria. As of January 2015 in New York failure to comply results in mandatory fine and points against the vehicle operator’s license. Two options are available:

1. The passenger may elect to bring their own safety seat; or
2. Passengers may place future reservations requesting a choice of child, infant or toddler seats.

These are housed at the Elite office to where the driver is pre-dispatched to equip the vehicle as requested. There is an additional charge of \$25 for this special handling.

# ANCILLARY CHARGES

## NYBCOIF 2% SURCHARGE

On May 25, 1999 Governor Pataki signed into law Chapter 49 of the Laws of 1999 establishing the New York Black Car Operator's Injury Compensation Fund, Inc. (the "Fund"). This Law requires as of 10/01/99 all black car and limousine dispatch bases providing service in NYS to separately charge, collect and remit to the Fund a surcharge of 2% on the gross billings for services provided. Proceeds of the surcharge are administered by the Fund to secure the payment of workers compensation claims made by drivers who are injured while providing service in this industry. On 7/23/14 the Fund surcharge was increased to 2.5%.

## NEW YORK INTRASTATE SALES TAX

As of June 1, 2009 New York State Department of Taxation and Finance, under section TSB-M-09 (2) s, imposed state and local sales tax to "transportation services provided using limousines, black cars and certain other motor vehicles with a driver." The sales tax applies only to trips that begin, remain, and end within New York State.

## NEW JERSEY INTRASTATE SALES TAX

As of October 26, 2006, as ordered by the State of New Jersey Chancery Court, a 7% New Jersey sales tax must be added to all New Jersey Intrastate trips which begins with the passenger being picked up in the State of New Jersey, ends with the discharge of the passenger in the State of New Jersey, and takes place wholly within the State of New Jersey. The sales tax is applicable to fare and all associated ancillary charge.

## CATASTROPHIC EVENT SURCHARGE

Elite reserves the right to add a catastrophe surcharge in the event of either natural or man-made disasters from which the NYC metro region suffers extensive damages or closures to the infrastructure effecting transportation services. This may also include compensation to the drivers for long daily waits on gasoline lines in the event of a breakdown in the fuel distribution systems, hazardous road conditions, and hours of widespread traffic congestion. The surcharge would be passed in entirety to the franchisee for the extraordinary efforts and risks required to provide safe continued service to the client.
